TOBACCO

Tobacco is a filthy weed;
I like it.
It satisfies no craving need;
I like it.
It makes you thin, it makes you lean,
It takes the hair right off your head,
It's the darndest stuff I've ever seen;
I like it.

POLICE COURT

Following was yesterday's Police Court docket:
Robert Griffith, plain drunk, was fined \$6.50.
Mrs. Epps was fined \$4.90 on a charge of disorderly conduct.
Will Barber was fined \$4.90 for being drunk.
Charles Jones was dismissed on a charge of breach of peace.
Bell Goodge was tried for breach of peace and was placed under a \$25 peace bond.
The case of Thornton Jones charged with breach of peace was continued until this afternoon and his bond placed at \$50, in default of which he was placed in jail.

TO OUR PATRONS AND ADVERTISERS
Following the custom of many years there will be no edition of The Public Ledger tomorrow, it being July 4, Independence Day. Our employees will take the day off in order to properly celebrate the day. Advertisers will govern themselves accordingly.

SQUIRE DRESEL'S COURT

Constable Ben Fleming arrested Lucas Hitt of Mayslick, to appear before Squire Dresel and pleading guilty to the charge of speeding, was fined \$10 and cost, in all \$14.15. He has also to repair the wagon of Chris Hunsicker which he damaged in a collision at the Limestone Bridge Saturday night.
Rev. E. R. Overly, Superintendent of the Covington District of the Kentucky Conference of the Methodist Episcopal Church, former pastor of the Third Street M. E. Church, but now of Corinth, will arrive tonight to attend the Old Settlers' Reunion at Ruggles Campgrounds tomorrow.

Fire Chief Ruliff M. Newell reported that the Fire Department had answered five alarms of fire during the month of June.
City Treasurer M. C. Curran reported a balance in the general fund of \$184.42. On motion it was ordered that the City Treasurer's report be referred back to him for correction.
Charles B. Paul was granted a permit to build a one-story, frame building, 21x40 feet, covered with composition roofing, to be used as a plumber's shop, on Second street, Fourth Ward.
On motion it was ordered that the matter of repainting the fire engine "Kinney Mack" be placed in the hands of the Fire Committee with power to act.
Attorney Frank P. O'Donnell addressed Council in behalf of the property owners on Forest avenue between Cherry Alley and Lexington street in regard to placing a water main and proper sewage on that street. The matter of the water main was placed in the hands of the Water Committee with power to act while the matter of sewage was deferred.
A petition was presented to Council by the property owners on the North side of East Third street between Walnut and Union streets asking that the City Engineer look into the matter of having concrete sidewalks three feet in width laid in front of their property. The matter was placed in the hands of Laws and Ordinance and Sidewalk Committee.
Councilman Thomas introduced an ordinance providing for the dimming of lights on all vehicles within the city limits. On motion the ordinance was received as read, rules were suspended and the ordinance was placed on its second reading and final passage.
On motion it was ordered that the Laws and Ordinance Committee confer with the Maysville Street Railway Company in regard to drawing up and bringing before Council an ordinance designating certain places as regular stops for street cars.
On motion it was ordered that the city policemen be allowed one week's vacation each year with full pay.
On motion it was ordered that the salary of the city assessor and tax supervisors be allowed.
On motion it was ordered that seven emergency bonds of \$500 each be issued and placed in the hands of the chairman of the Claims and Accounts Committee.
On motion it was ordered that the matter of repairing Williams street between Houston avenue and Elizabeth street be placed in the hands of the Internal Improvement Committee. It was also ordered that a gutter be placed in the alley just East of Limestone street from Second to Fourth streets.
On motion it was ordered that the Alms Committee ascertain the probable cost of putting a gas furnace in the almshouse.
Mayor Lee appointed a committee composed of Councilman Conrad, Watkins and Thomas to draw up resolutions of respect for Councilman Godfrey Hunsicker, deceased. The resolutions were as follows:
Whereas Providence in its wisdom having removed from our midst, a fellow member, Godfrey Hunsicker, the Mayor and City Council of the City of Maysville in this manner wish to express their feeling of loss both to the City Council and the city at large, and

hereby express their sympathy to the bereaved family, and by motion it was ordered that a copy of this resolution be made a matter of record, published in our daily papers and a copy sent to the family.
(Signed)
CHAS. W. CONRAD,
W. C. WATKINS,
W. FRED THOMAS,
Committee.

On motion Mr. W. Hall Strode was nominated to fill the unexpired term of Godfrey Hunsicker, deceased, as Councilman, and he was elected by the unanimous vote of the Council.
On motion Council adjourned to meet at the call of the Mayor.

HUNDREDS OF NEGROES KILLED IN RACE RIOT AT EAST ST. LOUIS

East St. Louis, Ill., July 2—East St. Louis tonight is a charnel house. In the negro sections hundreds of white men, drunk with blood, are hunting down negroes with but one aim—to kill.
Above the crackle of flames of burning shanties can be heard the sound of rifle and pistol shots as the negroes are forced from their burning homes into the range of guns that are waiting for them.
At one o'clock this morning it was said that almost three hundred negroes had been slain by the mob which began rioting in the negro section yesterday afternoon.

State's Attorney Schaumbögel, of St. Clair county, drove through the riot swept district tonight with Police Inspector Welsh, of St. Louis, Mo. The state's attorney estimated that the dead negroes would number 250. All estimates, however, are conjectural.
It was said that hundreds of whites stood around the edges of the burning negro districts and fired at the inmates as they fled from their blazing homes.
Three Hundred Whites Arrested
Military rule was proclaimed at 8 o'clock tonight, and at the same time 300 white men were arrested and locked up at police headquarters. Negro quarters in various parts of the city are on fire and the flames reach the edge of the business district.
Estimates of the number of negroes who perished in the fire ran as high as two hundred, but there was nothing authentic on which to base these estimates, except that hundreds of whites stood around the edges of the burning districts and fired at the negroes as they fled from their homes.
At nine o'clock the mayor of East St. Louis sent for Fire Chief Swingley, of St. Louis, Mo., to assist in fighting the flames, which threatened to destroy a large part of the city. A company of the St. Louis fire department started to East St. Louis but was ordered back by Chief Swingley.

ANOTHER TRIUMPH IN PRINTING
No person who attended the Washington Opera House on Saturday night and received one of the programs for this week could have failed to notice the superior work on them. These programs were printed in the Ledger office and this is only a sample of the high class work that is done here. Give us a trial with your job work and be convinced that we do only the best.

Books now open for subscription to the 63rd Series of Stock in the old reliable Mason County Building and Saving Association. Apply to T. M. Russell, Secretary or R. K. Hoefflich, Treasurer.
County Court Day yesterday brought a large crowd of farmers into town but there was very little trading in the stock ring as very little livestock was exhibited.

COUNTY COURT

A paper bearing date of March 24, 1916, and purporting to be the last will and testament of Alice M. Newell, deceased, was produced in court, filed, and proven by the testimony of A. O. Taylor and J. M. Collins, attesting witnesses thereto.

W. R. Newell qualified as executor of Alice M. Newell, deceased, without surety, as was requested in said will.
J. Ed Parker qualified as administrator of Alice Davis, deceased, (colored) and qualified as such with Jennie D. Dobyns as surety on bond.
The Bank of Maysville was appointed trustee with Mary Eliza Caldwell's estate and qualified as such with its capital stock as surety on bond.

SECTION MEN ON L. & N. GET A GOOD RAISE

For some time past efforts have been made to secure a raise in the wages of the section men on the L. & N. and on yesterday they were notified that beginning July 1st their wages would be increased 20 cents per day of 10 hours, making them \$1.75 per day. Heretofore the men have received \$1.55 for 11 hours. The section foremen received a substantial raise on June 1st. C. & O. section men receive \$2 per day.

BIG CARNIVAL NEXT WEEK

There will be a big carnival in Maysville next week under the auspices of Maysville Lodge No. 704, B. P. O. Elks. The proceeds of the week of entertainment will go to the Red Cross Fund and it is expected that a very neat sum will be realized. There has not been a carnival in Maysville for several seasons and it will doubtless prove a great drawing card. The picture shows will close during the week.

MANY GOING TO RUGGLES

One of the nicest places to spend the Fourth is old Ruggles Campgrounds and many from this city will on tomorrow spend the day at this delightful spot attending the Old Settlers' Reunion, which is an annual event and looked forward to by many from year to year. Hon. J. N. Kehoe and Rev. S. K. Hunt of this city will deliver the addresses of the day, while the choir of the Third Street M. E. Church, augmented by an orchestra, will furnish the music, which has been carefully prepared and will be appropriate to the day. If you have not planned to spend the day at any particular place you can receive no more enjoyment than by going to Ruggles.

Mr. Henry Neal Marsh of St. Louis, Mo., arrived yesterday afternoon and will spend a few days with his mother, Mrs. Mary Marsh, and family, of Forest avenue.

FUNERAL YESTERDAY MORNING

The funeral of Mrs. John M. Gray, who died at her home in Toleboro Saturday afternoon after a lingering illness, was held from her late home yesterday morning at 10 o'clock. Interment in the Mt. Olivet cemetery. Besides her husband she was survived by one son, Mr. W. T. Gray of Portsmouth, Ohio.

NOISE IS NOT PATRIOTISM

This year of all others is the time for a safe and sane Fourth of July celebration. The first Independence Day since the nation entered the war for liberty should be a thoroughly patriotic observance. The old-time riot of noise, death, fire and destruction, which was supposed to show patriotism, would be very much out of place under present conditions. The country needs the powder, and it needs to protect the life and limb which were sacrificed in the former observance, and the millions of property which regularly went up in smoke and flame.

The sane Fourth movement has made remarkable progress in the past few years and this year should see the end of the old absurdity of celebrating the nation's birthday with pistols and crackers, with their inevitable accompaniment of racing ambulances and clanging fire engines. The deaths from Fourth of July casualties, which were 466 in 1903, had been reduced by 1916 to 30, while the injuries, which were 3,983 in the first year, fell last year to 850. Formerly the firemen expected to be kept on the jump all day on the Fourth, but for several years, in Chicago and other cities where fireworks have been prohibited, the number of alarms has actually been below the daily average.

With this record it should hardly need the recommendations of the State Councils of Defense and the Fire Marshals to secure municipal orders and individual co-operation against the use of explosives on the Fourth. The United States is likely to burn powder enough this year without wasting any of it on Independence Day. Its list of dead and wounded in the cause of liberty will be long enough without adding to it in an antiquated and absurd observance of the Fourth of July.

Education has wrought a wonderful reform in this field, and in all parts of the country the casualty list has been greatly decreased, while at the same time the fire loss occasioned by reckless celebration has been much reduced. The sane Fourth of July idea was impressed upon Maysville for the first time seven or eight years ago, and during the past five years there has been no serious accident due to noisy Fourth of July celebration. That the regulations enforced with such excellent results in the past will be strictly adhered to this year, and that the people will co-operate more closely than ever before, is not to be doubted.

RAILROAD EXPORTS

The country takes a certain amount of satisfaction in the announcement that more than \$80,000,000 worth of railroad materials went abroad in the eight months ending with February. It is reassuring to know that our manufacturers are being kept busy and that the rest of the world, particularly France and Russia, are getting the transportation equipment they need.

Still, we can't help wishing that our own railroads were getting some of those \$35,700,000 worth of locomotives, \$18,440,000 worth of cars and \$17,786,000 worth of rails, together with a fair proportion of track materials, etc. Our railroad traffic has been badly congested all these months for lack of the very equipment that has been exported in such quantities. Not only have they suffered by deprivation of that rolling stock and building material, but their congestion has been increased by the necessity of hauling it in such volume to the seaports.

The old Mosaic law forbade the muzzling of the ox that treadeth out the corn. It was felt to be only fair that the ox should have his share of what he thrashed. The railroads have been playing the role of a muzzled ox. And apparently they are contented with it, despite all their grumbling, and intend to keep right on wearing the muzzle.

American locomotive and car factories are booked up far ahead with heavy orders, and nearly all of them are for the export trade. Foreign orders for cars alone are reported around \$200,000,000. The public, which bears the brunt of the railroad congestion in delayed shipments and exorbitant prices for the necessities of life, naturally wonders why our own railroads don't buy more of those cars and locomotives.

There is a suspicion, openly expressed in many quarters, that the roads are by no means so poor and helpless as they profess to be—that they could afford to buy new equipment, and could do much better than they are doing with the equipment they have. According to this view, they have been merely playing for a big rate advance, and over-playing their game. We shall know more about that when we see what the Interstate Commerce Commission has to say about it.

BOTTLED LIGHT

A wonderful advance in lighting methods may be forecast in the announcement of an invention by a Pittsburgh engineer and manufacturer named Ethan I. Dodds. He is reported to have solved the mystery of the firefly and worked out a method of making big, practical fireflies of his own.

The "lightning bug" has always been the envy of scientists because it produces light without heat. How it makes the light has never been satisfactorily explained. Mr. Dodds says that it simply absorbs daylight or sunlight and lets it out at night according to its needs.

He spent several hundred dollars analysing the firefly's light plant, isolating the particular element that catches and holds the light, combining that element with radium and applying it to his own use. The final result is a glass bulb coated inside with a whitish substance, enclosing an inner bulb, with a vacuum between the two, after the manner of a thermos bottle. He holds this double bulb in the sunlight or sticks an incandescent lamp inside it for a few seconds, and then it gives out a steady, cold light which doesn't wholly fade for several hours.

Now that Mr. Dodds has his artificial firefly, he doesn't know what to do with it. He says the government may have it if it wants it. He thinks it would be useful in submarines, where electric power must be carefully conserved. His idea is to rig up incandescent lights inside his bulbs, arranging them so that they would flash for 20 seconds out of each hour. That, he says, would suffice to store the bulbs with power to emit continuously nearly as much light as the incandescent lamp would if turned on the whole time.

This is simply "bottled light." If his light bottles can do what he claims for them, and if they are not too expensive to make, we may eventually be using them to light our houses with.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui.

By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone. I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial.

U. S. IS WARNED TO WATCH FOOD GIVEN NEUTRALS

Washington, July 1.—Evidence that Germany is obtaining vast quantities of food from the European neutral countries has been presented to the United States by Great Britain for the American Government's guidance in determining an export control policy.

Much of this, the British statistics purport to show, is replaced by the neutrals with imports from America. From Scandinavia and Holland the British information purports enough fat is going into Germany to supply 7,500,000 soldiers, virtually the entire army of effectives in the Empire. German imports from these countries, it is declared, reduced to calories, will equal the total ration of 2,500,000 troops, the size of the German army in the West.

German purchasers of foodstuffs abroad are made through the department of the interior, which has organized a special division to buy from the neutrals. In the early days of the war, the German government stimulated importation of food by excluding imports from regulation of maximum price laws, but this drew such a vigorous protest from German producers the practice was stopped. Now the German authorities are said to be using coercion, exchanging for foodstuff bought in the neutral countries, coal and other commodities necessary for maintenance of the neutral industries. To some extent these coercions have been recognized by the British operation of their blockade, but with the entry of America into the war the British believe an agreement can be made for supplying the neutrals with most of their requirements from the allied countries.

All of the Northern European neutrals have made regulations limiting more or less food exports to Germany, but producers and merchants, the British claim, are violating the laws because of the high prices they are obtaining. Some merchants, they declare, have made millions out of this illegal trade.

DISCOVERY OF GRAND CANYON

The first white men to see the Grand Canyon of the Colorado were Cardenas and his twelve companions, who were guided there by Hopi Indians from Tusayan. Cardenas was sent by Coronado to find the wonderful river of which De Tovar had heard from the Indians. He remained four days on the rim at some point now unknown, looking in vain for a way to descend. It is always interesting to recall the heroic trip made by Maj. J. W. Powell down the Grand Canyon in small boats when practically nothing was known of its course or character. His journey began at Green River, Wyo., May 24, 1869, and was notably successful. (U. S. Geological Survey)

Zurich, July 1.—Referring to the arrival of America troops on French soil, the military critic of the Frankfurter Zeitung says that Germany must not overlook the fact that American help is really very great, though it will come only by degrees. Under these conditions, he says, if France is obliged to restrict her military activities, it will signify no strengthening of the German situation.

Catarthral Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc. F. J. CROWLEY & CO., Toledo, O.

EXCITEMENT PREVAILS

Bologna, Italy, Thursday, June 28 (Delayed).—There was great excitement today around the prison of San Giovanni, in Monte, where Alfredo Cocchi, confessed slayer of Ruth Cruger, a New York high school girl, is confined.

Many persons tried to see Cocchi but were not allowed to enter the building, under orders from Under Judge Zucconi.

The confessed murderer is kept in complete isolation and is under heavy guard, having threatened to kill himself. The prisoner is morose and refuses to speak to any one or to be shaved.

Director Liccotti, of the prison, refused permission of a correspondent of The Associated Press to visit Cocchi except under a special permit from the King's procurator, the head office of investigation to which Judge Zucconi belongs.

SIX SUFFRAGISTS RE-

LEASED FROM JAIL

Washington, June 28.—The six women suffragists who have done three days in jail for picketing the White House were released this morning at the expiration of their sentences and were the heroines at a breakfast given in their honor at Woman's party headquarters.

While uninformed police peeked in through the picket fence of the grounds surrounding the suffrage headquarters the women were admired and praised by a hundred enthusiasts, who pronounced them martyrs to the cause.

The police say they will prevent further picketing by more arrests, and the suffragists threaten to picket as fast as the police can arrest them.

When a woman goes shopping she always asks the clerk to show her something cheaper, but a man usually asks if that's the best she has.

THE UNIVERSAL CAR

Price Advance

Competitors have circulated a report that the Ford has advanced \$100.00. This is emphatically untrue and is done merely to help them sell an inferior car for more money. However, I am expecting every day to receive notice to advance the price. All orders are being taken with the privilege of cancellation if price advances. The company has notified me to mail all orders the same day they are placed. It is my opinion that all orders will be filled at present prices if orders are placed at once, but you should not delay the matter a single day. Place your order today and play "safety first."

TEMPERANCE LAW IS GREATEST SINGLE STEP TOWARDS PROHIBITION EVER TAKEN

Twenty-three states are "bone dry" through the effect of the Reed amendment prohibiting shipment of liquor into any territory where its manufacture or sale is prohibited. Eleven other states are practically affected by the legislation, which has been hailed by temperance advocates as the greatest single step toward abolition of the liquor traffic yet taken in the nation's history.

The law bars from prohibition areas, whether states or smaller corporations all mail matter containing advertisement or solicitations for orders for intoxicants approved designed to aid in enforcing the anti-shipment feature by suppressing the activities of mail order houses in dry territory.

Justice and postoffice department officials have made extensive preparations for enforcement of the statute. United States Marshals and postal inspectors everywhere have been instructed to be on the lookout for violations. There are heavy penalties for violations.

Methyl alcohol is regarded by the federal government as an intoxicating liquor within the meaning of the act, but methyl wood and denatured alcohols are not so regarded. No ruling has been made regarding the status of patent medicines containing alcohol and that question may be among the first to be passed on by the courts under the legislation.

The language of the anti-shipment section is very comprehensive, imposing a fine of \$1,000 and imprisonment for six months or both, or any person who shall "order, purchase or cause intoxicating liquors to be transported in interstate commerce except for scientific, sacramental, medical or mechanical purposes into any state or territory the laws of which state or territory prohibit the manufacture or sale therein of intoxicating liquors for beverage purposes."

The same penalties are prescribed for violators of the anti-advertising section. For a second offense in either case the penalty is made one year imprisonment.

Following are the states wholly affected by the act:

Alabama, Arizona, Arkansas, Colorado, Georgia, Idaho, Iowa, Kansas, Maine, Mississippi, Nebraska, North Carolina, North Dakota, Oklahoma, Oregon, Rhode Island, South Carolina, South Dakota, Tennessee, Vermont, Virginia, Washington and West Virginia.

Those partly affected are California, Connecticut, Delaware, Louisiana, Minnesota, Maryland, Massachusetts, New Hampshire, New York, Ohio and Texas.

The following are affected at future dates: Alaska, Jan. 1, 1918; Indiana, April 30, 1918; Michigan, April 30, 1918 and Utah, August 1, 1918.

U. S. GUN CREW PRAISED FOR GOOD MARKSMANSHIP

London, July 1—The gun crew of an American liner fired upon two German submarines on the voyage from America to England. Both targets were at a considerable range, but the report to Washington of the commanding officer exercises the belief the tone periscope was shattered.

A third submarine was sighted but at a great distance and it submerged immediately.

The passengers expressed the greatest admiration for the marksmanship of the American gunners as shown in both practice and against the enemy. One member of the crew of the liner was formerly a gunner in the British navy and he won applause from the American gunners for making a bullseye hit on a target during practice. On one occasion, the Americans made seven bullseyes out of eight tries.

BIG DRIVE IS BEGUN BY RUSSIA

The soldiers of new Russia have assumed the aggressive. For the first time since the revolution last March Russian troops have begun an attack on an extensive scale.

Along a front of eighteen and one-half miles in the region of Brezany, Galicia, Russian troops have stormed the German position. Berlin says the Russians suffered heavy losses and were compelled to retire before the German fire. The attack was made between the upper Stripa and the Narayvka rivers, a tributary of the Gnila-Lipa in the section southeast of Lemberg, the Galician capital, where the artillery firing has been heavy recently.

The Russians also made night attacks on both sides of Brezany and near Zwyzyn, and Berlin reports that assaults between the Zlota-Lipa and the Narayvka have brought on new battles between the opposing forces.

Artillery Busy
The artillery arm of the Russian forces has been active and from the Berlin report it is learned that an intense duel has been in progress from the region of Brezany to as far northward as the middle Stokhold in Volhynia, a distance of about 175 miles. Berlin declares that the Russian attacks, which it says were powerful, were brought about through the pressure of the leading Entente powers, the text of the official statement saying: "The Russian government having been constrained to yield to the pressure of the leading Entente powers, part of the army has been induced to attack."

WE'RE HARD RACE WITH IRON FIST, SAYS GERMANY

Amsterdam, July 1—A semi-official telegram received here today from Berlin says: "The German press, referring to the British indignation at the air attacks on the fortress of London, says that if England wishes to spare her civilians she can remove them from the neighborhood of store places of war equipment. Folkestone, Dover, Sheerness and London are such store places."

"The German people, under the pressure of English starvation and the war, has become a hard race with an iron fist. England has felt that and will experience it again tomorrow. England may lie and deceive or rage and threaten. The hammer is in our hands and it will fall mercilessly and shatter the places where England is roasting weapons against us."

HEAVY DAMAGES RESULT OF RIOTS AT BUDAPEST

Amsterdam, July 1—During the recent franchise demonstration in Budapest, says a telegram to the Berlin Tages Zeitung from the Hungarian capital, damage to the amount of one million kroner was done. The windows of sixty shops and about 200 shops were smashed and goods were stolen from the shops. The damage done to tram cars is estimated at 60,000 kroner.

Dispatches received in London on June 28 from Budapest reported that 25,000 persons had marched in a demonstration for universal, equal and secret suffrage. It was reported the police had some difficulties in dispersing the crowds.

MUST BE CAREFULLY GUARDED

Washington, July 2—That German intrigues against property and stations of the United States Navy in this country must still be carefully guarded against is shown by a case which is now before the Department of Justice, says a statement issued here today at Navy League headquarters.

In a southern city with a population of about 30,000 people, says this statement, there is a colony of German subjects who recently petitioned the Government, through the Department of Justice, to waive certain of the restrictions placed upon them as to their residence in fixed zones.

These restrictions prevent alien enemies from living or going within a certain distance of any Naval Station or ship.

The petition from the Germans of the southern city, mentioned above, was so phrased on its face that it appeared to be an entirely harmless request. Federal officials in the South were inclined to grant it. The petition was, however, referred to Washington. An investigation proved that there was on foot a scheme to place certain German agents close to the Navy Yard where considerable mischief might then be done. It has now been decided that, not only with the areas from which these Germans are barred not be limited or reduced, but that increased surveillance over every movement will be maintained.

The belief is expressed here that had this request been granted, it was the intention of alien enemies in other cities to make a similar request, and that in the end serious harm might have resulted.

LIBERTY OF OPINION IS GREEK CARDINAL PRINCIPLE

Athens, July 1—Liberty of opinion will be a cardinal principle of the new government of Premier Venizelos. Officials opposed to the premier but who have observed a passive attitude and fulfilled their duties will retain their positions. Officials, however, who have interfered in party politics and have taken advantage of their position to further the anti-liberal cause will be dismissed and prosecuted.

The minister of war has instructed all officers and men to immediately take an oath of fidelity to King Alexander.

ARGENTINE ENTERS CLAIM FOR SHIP, U-BOAT VICTIM

Buenos Aires, July 1—The minister of foreign affairs, Onorato Pueyrredon, declared today that the Argentine government was determined to enter a claim against Germany for the torpedoing of the Argentine vessels, Oriana and Toro, insisting that the Argentine flag was again attacked in the case of these ships. A note embodying the claim was sent to Germany last night.

BISHOP LEADS PROTEST OF FIRISH AT DUBLIN

Dublin, July 1—A mass meeting was held today in Phoenix Park under the auspices of the committee headed by the Bishop of Londonderry to protest against a partition or violence, and to condemn the nominated Irish convention. The Lord Mayor of Dublin refused to permit the use of Mansion House for the meeting.

176 SAVED OF 204 ON FRENCH STEAMER, SUNK

Paris, July 1—The French steamer Himalaya, of the Messageries Maritimes, with 204 passengers and crew, has been sunk as the result of an explosion in the Mediterranean. One hundred and seventy-six persons were saved.

WOULD CONNECT CHICAGO WITH NEW YORK

The Type Used in One Year to Publish Endorsements of Doan's Kidney Pills.

Of the many kidney remedies on the market today, none other is recommended like Doan's Kidney Pills. Forty thousand benefited people gladly testify in the newspapers of their own towns. Forty-five hundred American newspapers publish this home proof of Doan's merit. The type used in one year to tell this wonderful story would make a solid column of metal twice as high as the world's highest mountain. Placed end to end the lines of type would reach from New York to Chicago. These miles of good words told by 40,000 tongues sound glad tidings to any Maysville sufferer who wants relief from kidney and bladder ills. Here's a Maysville case. Don't experiment. Use the remedy endorsed by people you know.

John J. Braxton, bookkeeper, Walnut street, Maysville, says: "Doan's Kidney Pills have been of great benefit to me and in fact, I attribute fourteen years of my life to them. It was in 1902 that I was suffering a great deal. After long use of Doan's Kidney Pills, I became well and had no bad effects for many years. Recently, however, I noticed my kidneys were not acting right and my system was generally weak. I knew it was a return of the trouble and I didn't lose any time in getting a box of Doan's Kidney Pills at Chas. A. Drug Store. They again gave me the same good results and I consider them a wonderful medicine."

Mr. Bramel is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Bramel had—the remedy backed by home testimony. 50c all store. MAN, 55, STABBED THROUGH HEART BY DRUNKEN BOY

Winchester, Ky., July 1—Sherman Jewell, a prominent farmer and livestock dealer, was stabbed twice through the heart and killed almost instantly late this afternoon by Thomas Alford, an 18 year old boy, on the Mt. Sterling pike near this city.

Jewell and Alford, with three other companions, Henry Wetsler, Price Greene and Jack Rainey, were riding in a buggy to the home of John Jewell, son of the murdered man, when an argument arose over some trivial matter. Jewell threatened to make the boys get out of the buggy and walk back to town, and Alford, who is said by witnesses to have been intoxicated, drew a knife, it is said and stabbed the older man twice. Jewell was rushed to town in the buggy and taken to the office of Dr. I. H. Brown, who found that life was already extinct.

Chief of Police Woodson McChord and J. F. Mullins, county jailer, arrested the Alford boy at his home in this city a short time after the killing took place. He told the police that Jewell had tried to strike him just before he drew his knife. Jewell was 55 years old and is survived by his widow, three sons and four daughters.

PRIEST IS ARRESTED WHEN MASQUERADING AS WOMAN

Aurora, Ill., July 1—Rev. Father Ostentkoetter, a priest, who was arrested at Freeport Wednesday night while masquerading as a woman, is held in jail.

Federal authorities are investigating to determine whether he is a spy. He has three brothers in the German army. The priest's trunk contains writings in German, which have been taken before Federal agents. One thing was lacking in his make-up—be fore men's shoes. Father Ostentkoetter said he was ambitious to impersonate women in motion pictures.

BACK TO SOAP!

Chicago, June 29—Barbers should stop giving egg shampoos to customers in order to assist in conserving the food supply of the country. James D. Kimmerer, of South Bend, Ind., believes, and in support of the idea he has collected figures which he forwarded to Herbert C. Hoover, Food Administrator, at Washington, today. Kimmerer says 200,000 eggs are used a day, or 1,200,000 a week.

HARRY P. PURNELL FOR COUNTY JUDGE

In another column of the Ledger will be found the announcement of Hon. Harry P. Purnell as a candidate for County Judge of Mason county. Mr. Purnell is a self-made young man and as Representative from Mason county in the State Legislature has made a most enviable record. He has a splendid law training, being a graduate of Ann Arbor Law School, and is a member of the Mason County Bar, which gives him the best of qualifications for the office which he seeks. As Judge of the Mason County Court he proposes to give the people the best that is in him and to regulate the affairs of the county in a business like manner.

BOY THROWN FROM WHEEL AND INJURED

Robert Mitchell, 12 year old son of Mr. and Mrs. Val Mitchell, of the East End, was rather seriously injured last night when thrown from his bicycle and struck the grocery wagon of M. C. Hutchinson & Son, which was standing in front of the store. He was riding on the asphalt streets and ran into a brick which some one had thrown into the street. The young fellow was taken to the home of his parents on Vine street and given medical attention by Dr. Leslie Brand.

GEORGE M. COHAN AT THE WASHINGTON TOMORROW

As a special attraction for the Fourth the management of the Washington Theater will present to its patrons tomorrow George M. Cohan in "Broadway Jones." According to all reports this is one of the best pictures shown at this popular theater for some time and will no doubt draw large crowds at all performances. The Universal Weekly of Current Events will also be shown. Morning show 10:30, matinee 2:30, evening 7:15 and 8:30.

FRED GROVER

The Ledger today announces the candidacy of this very popular citizen of the Sardinia precinct for the office of County Assessor, subject to the will of the Republican voters in the August primary. Mr. Grover is one of Mason county's strong young men—a successful farmer and business man, with an unusual large acquaintance. His candidacy we predict will be a most popular one and if elected the county would have a good assessor.

The new schedule for trains on the C. & O. is causing much complaint among the traveling public in general. The Cincinnati papers which formerly came on the late afternoon train now come shortly after dinner.

Mr. Newton Bradford, who was so seriously injured Saturday night in a collision between an automobile and motorcycle, remains in a very critical condition at his home on Lexington street.

County Clerk J. J. Owens has been busy for the past few days handling the candidates who are filing their petitions for the various county offices.

The contractors started work on the model road between this city and Washington yesterday.

GRANDMOTHER, THE PIONEER PHYSICIAN

In the good old pioneer days of this country, when drug stores were few, grandmother's root and herb remedies were what were always depended upon to bring relief for family ailments, and some of grandmother's root and herb remedies are now found upon the shelves of the modern drug store, and are among the best and most widely used prepared medicines. Such as Lydia E. Pinkham's Vegetable Compound, a tonic remedy originally prepared by Lydia E. Pinkham of Lynn, Mass., over forty years ago, and which has brought health and happiness to more women in America than any other medicine.

Adjustments Restore Health Quickly and Permanently

Nature is the Chiropractor's only aid—adjustments release the pressure from the nerves and make the way free for Nature to do her part in sending mental impulses through them to make and keep the body well.
